# Website Report

- Performance
- Best Practices
- Accessibility
- SEO ranking

## Issues found on the website:

- Largest Contentful paint takes a lot longer than expected
- Speed index does not score as expected
- Serve images that are appropriately-sized to save cellular data and improve load time

# Roadmap

Roadmap was found on the website and is shown above. All targets for August (the time that this project is being audited) are on track, and soon to be closed. Next milestones are CMC and CG listings after the launch of the token.

## Potential dangers for remaining Roadmap targets

- CoinmarketCap requires high trading volume
- CoinGecko requires high trading volume

# Team Analysis

Team was found on the website and is shown above.

The profiles have social links attached and their social profiles have a great number of followers/activity. This is a very good sign as the team shows transparency and does not hide their identities like most other projects.

# Contract & Tech

- ✓ Contract code is published and verified on BSCAN
- ✓ No Major warning/error found
- ✓ Contract has Burn/deflation mechanism

- 50-89 score points award you with Silver Badge - medium/low risk.
- 90-100 score points award you with Gold Badge - low risk.

## Your Score

FX is a low risk project, with a small and friendly community. There is room for improvements on the marketing side. The smart contract analysis showed no major warning/error. The team is transparent and the tokenomics reward holders. A lot of trading volume and Market Cap will be required to reach the next roadmap milestones.
